

Home Garden Survey

This form is designed to help us design a garden for you that best meets your needs. In it you'll find questions about your family's size and interests, plus lists of vegetables and herbs to help you decide what you'd enjoy growing. Please answer all questions as thoroughly as possible, and feel free to provide us with additional information if you like. We will keep all information strictly confidential.

To fill out the form, insert your cursor in the first table cell next to "Your name(s)," type in your response, then use the down arrow key or your cursor to navigate between fields. Once the form is filled out, save the file to your computer and then email it as an attachment to: caroline@verduragardens.com. Thank you!

Household Information

Your name(s)	
Your address	
City	
State	
Zip	
Telephone: Home	
Telephone: Cell	
Email address	
How did you find us?	(Web search, Facebook, Friend, Farmer's Market or other
How many adults are in your household?	
Children? (list ages)	
Any vegetarians?	
How often per week do you cook dinner at home?	
Describe your favorite meals to cook at home for family or friends:	
How often do you entertain friends for dinner at your home?	
What are your three favorite restaurants in the Portland area?	
What's your primary goal for your garden in your first year? (type an X in one choice below)	
	Grow as many of the vegetables we eat as possible
	Grow certain vegetables and supplement with others we buy
	We're less concerned about productivity than just having a beautiful garden
	Other (please specify):
Describe your vegetable gardening experience:	
How many hours a week do you plan to work in your new vegetable garden, if any?	
Do you want to grow herbs as well as vegetables (see pg. 3)?	
Do you plan to can, freeze or otherwise preserve any of your harvest? If so, what vegetables?	
Room for more comments or information you'd like us to consider:	

Vegetable and Herb preferences checklist

Look over the crops listed below for vegetables as well as herbs. Check those you would like to grow. Indicate your family's normal weekly consumption of vegetables (ie one head of broccoli or two bunches of carrots) to give us an idea of how to plan your garden (this helps us figure out how much of each to plant throughout the season). Feel free to add notes letting us know your particular favorites or other information.

Vegetables

✓	Crop	Normal weekly consumption	Notes (please indicate desired varieties if applicable)
	Arugula		
	Asparagus*		*Perennial - requires a dedicated 4'x4' bed or larger
	Beets		
	Bok choy		
	Broccoli		
	Cabbage
